About Us

Technology has transformed the way businesses operate — increasing efficiency, lowering costs, and opening new possibilities. At Evoworks IT Solutions Inc., we help our clients stay ahead by providing dependable, high-quality solutions that support real productivity.

Headquartered in Pasig City, we've spent over a decade earning the trust of customers across Metro Manila and Lucena through consistent service, quality products, and long-term relationships. From desktops, laptops, and components to office printers, copiers, and corporate leasing services — we deliver end-to-end technology support for businesses of all sizes.

Our mission is simple: deliver excellent service and provide reliable solutions that make IT easier, smarter, and more cost-effective. We partner with industry-leading brands to offer the best value — and remove the usual complexity that comes with tech procurement.

More than just a supplier, we're a long-term partner — committed to supporting our clients, empowering our team, and driving meaningful results in every direction we grow.

Business-to-Business

Corporate Business-to-Business Team Introduction

B2B Team Vision and Mission

Why Lease Office Appliances?

Corporate Leasing Program

B2B Team

B2B TEAM

Our B2B Division helps businesses access flexible, reliable office technology—without the usual complexity. From leasing computers to multifunction copiers, we make IT easier, more cost-effective, and more aligned with your goals. We're here to deliver long-term value through dependable service, technical expertise, and a commitment to your growth.

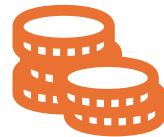

B2B TEAM VISION

"To be the most trusted and client-centric provider of office technology solutions, setting the industry standard for reliability, service excellence, and technical expertise that empowers businesses to thrive."

B2B TEAM MISSION

"At Evoworks IT Solutions Inc., we are committed to delivering the highest quality office technology solutions through an unwavering focus on client service, reliability, and technical excellence. By combining our deep industry expertise with a client-first approach, we ensure businesses receive seamless, efficient, and tailored solutions for their operational needs."

Why Lease Office Appliances?

Cost Reduction

Leasing helps businesses avoid the high upfront cost of purchasing office equipment. This frees up capital for other operational needs while still accessing high-quality appliances.

Expense Efficiency

Monthly lease payments make budgeting more predictable. It also eliminates surprise expenses related to repairs or upgrades, and helps avoid losses from equipment depreciation.

Easy Maintenance

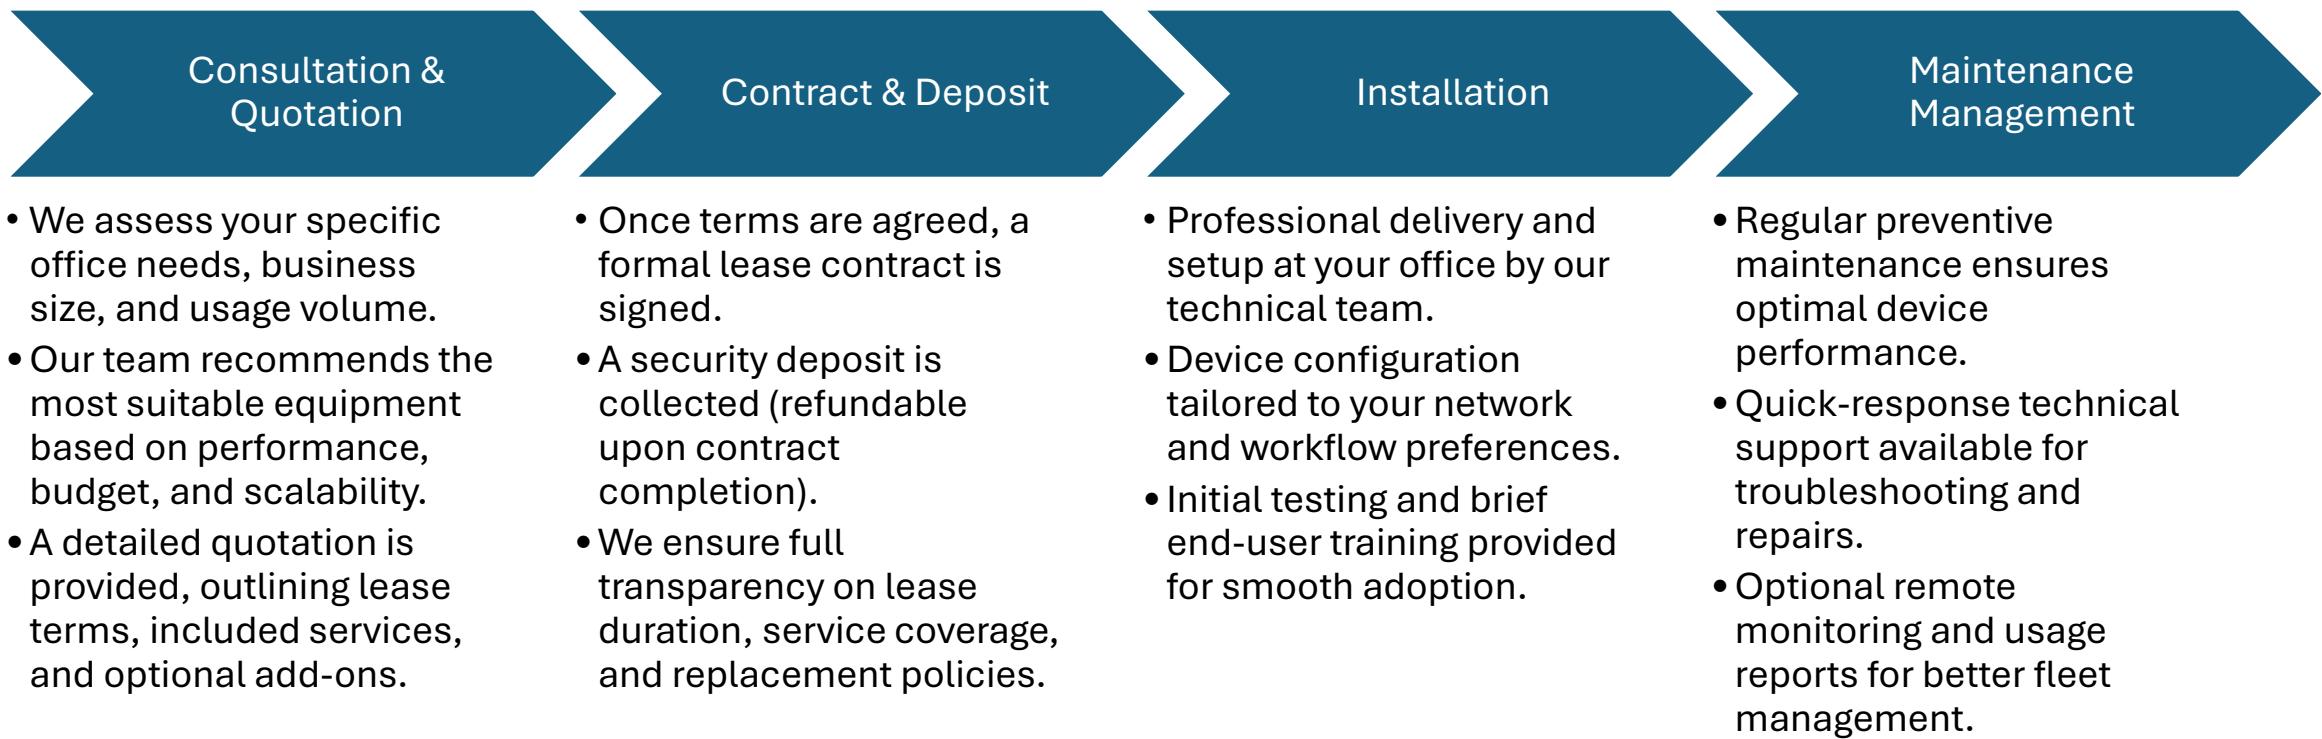

Leased equipment comes with ongoing technical support and maintenance. This ensures your devices are always in top condition, reducing downtime and keeping your operations running smoothly.

Productivity Increase

Leasing gives you access to up-to-date, high-performance equipment that improves workflow efficiency. With the latest features and reliable performance, your team can work faster and smarter.

Corporate Leasing Program

Closing Remarks

Evoworks isn't just about selling technology — we're about helping businesses run better. With every team, every solution, and every partnership, we move with clarity and purpose.
